

BROWARD COUNTY MULTIMODAL MOBILITY MASTER PLAN

SAVE THE DATE

**Multimodal Mobility
Master Plan**
Mobility for All Ages & Abilities

CONCEPTUAL DESIGN WORKSHOP

W. McNab Road from SW 83 Avenue to SR-7/US-441

Date: Monday, October 20, 2025

Time: 6:30 PM - 8:30 PM

LOCATION:

North Lauderdale Commission Chambers
701 SW 71st Ave, North Lauderdale, FL 33068

ABOUT

The Broward County MMMP aims to improve multimodal transportation throughout Broward County by focusing on safety, comfort, convenience, and connectivity for people of all ages and abilities. The upcoming workshop will introduce residents and stakeholders to the project and request your feedback on your priorities and facility preferences to conceptually design multimodal facilities for W. McNab Road that feel safe, comfortable, and convenient. The project team will discuss potential design opportunities to achieve the goals and objectives of the Master Plan.

PUBLIC PARTICIPATION

The workshop will feature a presentation and discussion on what elements make a street feel safe, comfortable, convenient, and connected. Participants will be encouraged to provide their input and feedback on what facilities and amenities are imperative to include for a safe, comfortable, and connected design for people of all ages and abilities, from children and people with disabilities to the elderly and everyone in between. Join us in creating a multimodal low-stress network for people walking, biking, and rolling!

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status.
